**RULES FOR ENTRY**

1. Type or print clearly on each entry form. (print in all caps) Make a copy for your files.
2. Record each entry on the PIAG Summary of Entries form enclosed and submit with entry fees.
3. Submit two identical copies for each entry— an original and a duplicate.
4. Affix the “Original Entry” stub to the original entry to be judged and the “Duplicate Entry” stub to the duplicate entry. This should be done on the upper right corner of the back side of both the original and the duplicate entry—via tape or glue.
5. Special Note: A duplicate entry is not required for oversized pieces (22” x 28” or larger).

6. If affixing the entry form to an entry as described in #4 above would detract from judging, then place both the original and the duplicate in a plastic sleeve. Tape both entry stubs to the outside of the sleeve.

7. Mount business cards, stationery or small series pieces and affix stubs as in #4 above.

8. CATEGORY CODES MUST BE COMPLETED on each entry form for your entries to be accepted.

Each entry is \$25. Your first entry is free.

Entry fees must accompany entries and summary form.
