

Ruler & E-scale e x e r c i s e

Use ruler & E-scale to calculate the following type sizes, leadings & rules.

What are the pointsizes of the following:

1. _____ Sample # 1

2. _____ Sample # 2

3. _____ Sample # 3

4. _____ Sample # 4

5. _____ Type

What are the pointsizes of the following:

6. _____ Sample # 1

7. _____ Sample # 2

8. _____ Sample # 3

9. _____ Sample # 4

10. _____ Type

Calculate the leading of the following paragraphs:

11. _____

Measure the distance between lines of type to determine the linespacing or leading that has been used. Remember that this space assists in legibility.

12. _____

Measure the distance between lines of type to determine the linespacing or leading that has been used. Remember that this space assists in legibility. It prevents descending type from interfering with ascending characters.

13. _____

Measure the distance between lines of type to determine the linespacing or leading that has been used. Remember that this space assists in legibility. It prevents descending type from interfering with ascending characters.

14. _____

Measure the distance between lines of type to determine the linespacing or leading that has been used. Remember that this space assists in legibility. It prevents descending type from interfering with ascending characters.

15. _____

Measure the distance between lines of type to determine the linespacing or leading that has been used. Remember that this space assists in legibility. It prevents descending type from interfering with ascending characters.

16. _____

Measure the distance between lines of type to determine the linespacing or leading that has been used. Remember that this space assists in legibility.

Calculate the thickness of the following rules:

17. _____

18. _____

19. _____

20. _____
